SANSKRITI

WEDDING WARDROBE & DESIGNERWEAR

ABOUT

Sanskriti by Aditya Dugar:

In a world obsessed with social media, everybody loves to be at their fashionable best. An updated wardrobe is a must-have. People prefer getting custom made clothes and stand out than following the crowd. This is where we come in.

At Sanskriti we make customized sarees, kurtas, lehengas, gowns and blouses for our clients to suit their requirements & budget. We are also known for our real zari work transfer and remaking. We make quality stuff at reasonable price & have been in the business for the last 20 years and served several clients in India & abroad.

We would be delighted to help you up your fashion quotient!

ABOUT ADITYA DUGAR:

Hi, I'm the designer for Sanskriti and I have done my fashion diploma from NIFT, Kolkata. I'm an avid traveller and my desire to explore different cultures and sensibility made me choose fashion as a career. You may contact me personally for any fashion requirements of yours.

Thank You.
